## Sheet Numbering System

DATE  
01.02.22

GRAPHIC REPRESENTATION OF DURASEIN SHEET NUMBERING

Both the back of the sheet and the long side of the sheet feature printed codes similar to the above.

On the **back** of the sheet, the last two numbers refer to the batch number.

For example:

12X3660X760 20210731 02

means

- ◆ 12mm (thickness)
- ◆ 3660mm (length)
- ◆ 760mm (width)
- ◆ 2021 (year)
- ◆ 07 (month)
- ◆ 31 (date)
- ◆ 02 (batch number)

On the **long edge** of the sheet the number sequence will be similar, however the additional three digits at the end represent the sequence of sheets from the batch.

For example:

12X3660X760 20210731 02 039 PASSED →

means

- ◆ 12mm (thickness)
- ◆ 3660mm (length)
- ◆ 760mm (width)
- ◆ 2021 (year)
- ◆ 07 (month)
- ◆ 31 (date)
- ◆ 02 (batch number)
- ◆ 039 (sequence or sheet number)

Note: The arrow following PASSED (" → ") denotes the pattern direction on veined designs.
